

Name: Vijay Sujan

Founder/ Director of:

Skills for Life. Making a Difference. CIC

Premise of our project is to help the young 18-24 years in training and employment with the over 50's as their Mentors.

I have been a Trustee with EPC for 2 years. What appealed to me was the good work EPC were doing for children and parents in Enfield. When I had the initial meeting with the CEO, Mr Jaspal Dhani, he came across with passion and dedication for the work delivered in the community by him and the help from all his staff. His staff are a professional and committed team who have empathy for the people that need their help. Mrs Vishnee Chair was the other reason, and last but not the least to be in the company of Mr Andy Love who is also our Trustee and of course the other Trustees.
